THE AGGREGATION APPROACH

Pursuant to Rule 14A.25 of the Listing Rules, the continuing connected transactions contemplated under the 2012 Raw Materials Supply Agreements should be aggregated, as they will be entered into by the Group with the associate of the same connected persons and the subject matter of each of the agreements relates to the purchase of raw materials by members of the Group for the purposes of the Group’s repair programme.

THE ANNUAL AGGREGATE TRANSACTION AMOUNT

Based on the terms of the 2012 Raw Materials Supply Agreements, the annual aggregate transaction amount that is payable by members of the Group to Energoprom Management for the financial year ending 31 December 2012 is estimated to be USD12.50 million.

This annual aggregate transaction amount is estimated by Directors based on the amount of cathode blocks and carbon pastes to be supplied and their contract price, and also the relevant historical figures for the year ended 31 December 2011.

REASONS FOR AND BENEFITS OF THE TRANSACTION

The transactions contemplated under the 2012 Raw Materials Supply Agreements are entered into for the purposes of repairing the pots for the aluminium smelters as part of the pot repair programme. The Company considers that the transactions contemplated under the 2012 Raw Materials Supply Agreements are for the benefit of the Company, as Energoprom Management offered the supply of cathode blocks and carbon pastes to the Group at costs more favourable than the prevailing market rate based on tender.

The consideration payable under each of the 2012 Raw Materials Supply Agreements has been determined with reference to the market price and on terms no less favourable than those prevailing in the Russian market for cathode blocks and carbon pastes respectively of the same type and quality as those offered by Energoprom Management to independent third parties.

The Directors (including the independent non-executive Directors) consider that each of the 2012 Raw Materials Supply Agreements have been entered into on normal commercial terms which are fair and reasonable and the transaction contemplated under each of the 2012 Raw Materials Supply Agreements is in the ordinary and usual course of business of the Group and in the interests of the Company and its shareholders as a whole.

None of the Directors has a material interest in the transactions contemplated by the 2012 Raw Materials Supply Agreements save for each of Mr. Vekselberg and Mr. Blavatnik who are each indirectly interested in more than 30% of Energoprom Management. Accordingly, each of Mr. Vekselberg and Mr. Blavatnik has abstained from voting at the board meeting at which the board resolutions to approve the 2012 Raw Materials Supply Agreements were considered.

LISTING RULES IMPLICATIONS

Each of Mr. Vekselberg and Mr. Blavatnik indirectly holds more than 30% of the share capital of Energoprom Management. Energoprom Management is therefore an associate of each of Mr. Vekselberg and Mr. Blavatnik, each of whom is a Director. On this basis, Energoprom Management is a connected person of the Company under the Listing Rules.

Accordingly, each of the transactions contemplated under the 2012 Raw Materials Supply Agreements constitutes a continuing connected transaction of the Company.

The annual aggregate transaction amount for the financial year ending 31 December 2012 under the 2012 Raw Materials Supply Agreements is more than 0.1% but less than 5% under the applicable percentage ratios. Accordingly, pursuant to Rule 14A.34 of the Listing Rules, the transactions contemplated under these agreements are only subject to the reporting and announcement requirements set out in Rules 14A.45 to 14A.47, the annual review requirements set out in Rules 14A.37 to 14A.40 and the requirements set out in Rules 14A.35(1) and 14A.35(2) of the Listing Rules. These transactions are exempt from the independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

Details of the 2012 Raw Materials Supply Agreements will be included in the next annual report and accounts of the Company in accordance with Rule 14A.46 of the Listing Rules where appropriate.
